November 17th 2009

Dear Mike,

Your generosity over the past year has enabled our theatre to continue to grow and provide education and support to over 300 kids and provide quality entertainment to thousands of people in the Northwest Valley. The money that Salt River Solar and Wind has donated has been used to update our sound system with new microphones, scholarship needy kids who otherwise could never afford to participate in Performing Arts, allow us to put on professional quality shows, workshops, classes and camps in a safe and fun environment, and so much more.

Spotlight Youth Theatre touches many families and provides kids with an outlet that they normally would never be able to have. This theatre has actually saved kids and has given them a purpose or renewed confidence. Without Salt River Solar and Wind our theatre would probably not survive. The hearts, families and lives touched by this theater because of sponsors like you can never be thankful enough to you.

Sincerely,

A handwritten signature in black ink, appearing to read "Kenny Grossman", with a long, sweeping underline.

Kenny Grossman
President / Artistic Director
Spotlight Youth Theatre
